

State of Michigan

The seal of the State of Michigan is a circular emblem. It features an eagle with its wings spread, perched on a shield. Above the eagle is a banner with the motto "E PLURIBUS UNUM". The words "THE STATE OF MICHIGAN" are inscribed in a circle around the eagle. Below the eagle, the words "JANUARY 26th 1836" are visible. The entire seal is rendered in a light, faded style against a dark background.

MICHIGAN SENTENCING GUIDELINES

STATEMENT OF PURPOSE

The criminal law contains extensive criteria for determining the guilt or innocence of an individual, but few criteria for determining an appropriate sentence once guilt is determined. Neither justice nor the appearance of justice is served when similar offenders committing similar offenses receive dissimilar sentences. Sentencing guidelines are intended to assist the sentencing judge charged with the very difficult duty of imposing sentence.

The sentencing guidelines provide a norm for different levels and different types of criminal activity rather than providing mandatory sentences. Hence, the sentencing guidelines serve as a tool to aid trial judges in the exercise of discretion in sentencing convicted felons. By permitting the sentencing judge to assess quickly and consistently his or her current case with respect to similar cases, the sentencing guidelines will promote consistency in sentencing without requiring uniform sentences for their own sake.

The sentencing guidelines in this manual were developed by an advisory committee to reflect past sentencing practices of the state's trial judges. It is anticipated that there will be disagreements with the conclusions of the advisory committee. In such instances, the judge may wish to depart from the sentencing guideline ranges. Such departures are encouraged and, to improve the sentencing guidelines, when this occurs the judge is asked to specify the reasons for the departure.

INSTRUCTIONS FOR USING SENTENCING GUIDELINES

I. Required Information

A. Which convictions require completion of the Sentencing Information Report (SIR)?

1. A SIR is to be completed (typewritten if possible) for all felony convictions.
2. In instances where there are multiple convictions for a single offender, complete a SIR for each conviction.

B. IDENTIFICATION

1. Judge: use the sentencing judge's complete name.
2. County #: use the Michigan county number from the alphabetic listing of all counties. (NOTE: The list of county numbers can be found at the end of the INSTRUCTIONS section.)
3. Docket #: use the complete docket number.
4. P.O.: use the probation officer's complete name.
5. Offender: use the offender's complete name. (NOTE: AKA's if applicable.)

C. CURRENT OFFENSE DATA

1. Offense Title: use the complete statutory title.
2. Attempt: check "yes" if the conviction is for an attempt; check "no" if it is not.
3. # of convictions: use the number of convictions for which the offender is being sentenced (NOTE: there should be one SIR for each conviction offense.)

D. GUIDELINES INFORMATION

1. Crime group:
 - a. For purposes of Sentencing Guidelines, all felonies which occur frequently and which have a statutory maximum of 24 months or more have been categorized into the following eleven crime groups:
 - i. ASSAULT
 - ii. BURGLARY
 - iii. CRIMINAL SEXUAL CONDUCT
 - iv. DRUG
 - v. HOMICIDE
 - vi. LARCENY
 - vii. ROBBERY

INSTRUCTIONS

viii. FRAUD

ix. PROPERTY DESTRUCTION

x. WEAPONS POSSESSION

xi. NEGLIGENT HOMICIDE

- b. Determine the crime group in which the instant conviction offense falls and enter it in the appropriate space on the SIR. If there is any question regarding the appropriate crime group, refer to the **GUIDELINES CRIME LIST** Tab.

2. Statutory Maximum (STATMAX):

- a. Within each crime group there is a Sentencing Guidelines grid for sets of crimes carrying the identical statutory maximum penalty.
- b. Determine the statutory maximum of the instant offense and enter it on the SIR. The STATMAX is listed for each offense under the **GUIDELINES CRIME LIST** Tab.

II. Scoring a Conviction

A. BASIC CONSIDERATIONS

1. Where there is an applicable Sentencing Guidelines grid, it is necessary to score the Prior Record, Offense, and Mitigation variables.
2. The scoring of each variable is the responsibility of the sentencing judge.
3. Where the facts are proven or acknowledged and are not consistent with the conviction offense (e.g., use of a weapon coupled with a conviction for unarmed robbery), the actual facts are still to be applied in scoring the appropriate variables.

B. PRIOR RECORD SCORE

1. Turn to the Prior Record Variable section of the Sentencing Guidelines Manual.

INSTRUCTIONS

2. If the conviction offense falls into any crime group except Negligent Homicide, Prior Record Variables (P.R.V.) 1 through 7 are to be scored.
3. If the conviction offense is negligent homicide (MCLA 750.324), only Prior Record Variables 8 and 9 are to be scored.
4. General instructions for scoring all Prior Record Variables are provided under the Prior Record Variables Tab.
5. Review carefully the final general instruction which details the decay factor for all prior felony convictions, misdemeanor convictions, and juvenile adjudications (hereafter referred to as convictions).
 - a. To determine whether the decay factor is applicable, start from the date of the instant offense and go back in time to the most recent prior conviction and determine the discharge date. If there is less than 10 years between the two dates, the most recent prior conviction is to be scored. If the gap is more than 10 years, that prior conviction and any previous convictions are not to be scored.
 - b. If there is a prior conviction within the most recent 10 year period, start from the offense date of the most recent prior conviction and go back in time to the discharge date of the next prior conviction. If there is less than 10 years between the two dates, the next prior conviction is to be scored. If there is more than a 10 year gap, that prior conviction and all previous convictions are not to be scored.
 - c. Continue in like fashion until there is a 10 year gap or until there are no further prior convictions.
6. Indicate the number of points for each Prior Record Variable on the SIR. If no points are assessed for a given Prior Record Variable, enter a "0" in the appropriate space. Do not leave any spaces blank.
7. Once the Prior Record Variables have been scored, the point values should be summed to yield the P R V Total. Enter the P R V Total on the SIR.
8. An offender's P R V Total is then used in conjunction with the following table to determine the Prior Record Level:

<u>Prior Record Score</u>	<u>Prior Record Level</u>
0	A
1-2	B
3-4	C
5-6	D
7-8	E
9+	F

The letters A through F denote the appropriate column of the Sentencing Guidelines grid.

C. OFFENSE SEVERITY SCORE

1. Locate the crime group of the conviction offense on the SIR. Each crime group contains a listing of all Offense Variables which apply to convictions in that crime group and detailed instructions for scoring each of the relevant Offense Variables.

INSTRUCTIONS

Levels and six Prior Record Levels.

2. To refer to a specific cell, state the roman numeral (I, II, III) and the column letter (A through F).
3. The numbers in a given cell constitute the Sentencing Guidelines range. Note the following:
 - a. All ranges are in months.
 - b. Except for jail sentences, the ranges refer to the minimum sentence. Where jail sentences are within the guideline range, the sentence refers to a flat jail term or, if appropriate, a split sentence.
 - c. As an example, consider cell I-A of the CSC-1st grid which has a range of 0-36 months. This range encompasses a number of sentencing alternatives:
 - i. A probationary or other non-incarcerative sentence.
 - ii. A flat jail term of up to 12 months.
 - iii. A split sentence of up to 12 months of jail and up to 5 years probation.
 - iv. Any prison term up to and including 36 months.

B. DETERMINING THE SENTENCE GUIDELINE RANGE

1. Using the appropriate crime group and the maximum statutory penalty for the conviction offense being scored, find the correct guideline grid under the Sentence Ranges Tab.
2. The sentence range is found in the cell which lies at the intersection of the row and column which match the Offense Severity Level and the Prior Record Level.
3. Indicate the Guideline Sentence Range on the SIR.

C. ACTUAL SENTENCE

1. Specify the type of sentence (e.g., prison, jail). If the offender receives a split sentence check "jail/probation".
2. Specify the length of the actual sentence on the SIR.
3. Specify any general conditions pertaining to confinement. For example, indicate whether in a split sentence the jail term is at the beginning or the end of the probation term.

INSTRUCTIONS

D. DEPARTURE

1. Familiarize yourself with the Departure Policy.
2. Determine whether a departure is necessary.
3. Indicate whether the departure is above or below the guideline sentence range on the SIR.
4. State the reasons for the departure. NOTE: if the sentence necessitates a departure and no reasons are recorded on the SIR, the SIR will be returned to the sentencing judge for completion.

E. FINISHING THE SIR

1. Signature

- a. Each SIR is to be signed by the sentencing judge.
- b. Provide the date of completion along with the signature.

2. Attach BIR (PSI Facesheet) to the SIR

- a. Attach the Basic Information Report to the SIR before sending it to the Sentencing Guidelines Office.
- b. If there are multiple convictions, send only one BIR.

3. Evaluation of Sentencing Guidelines for This Case

- a. The Michigan Sentencing Guidelines will be monitored and evaluated on a regular basis.
- b. Any comments that you have will be considered by the Sentencing Guidelines Commission at their regularly scheduled meetings.
- c. Fill out the short evaluation form on the back of the SIR.

PRIOR RECORD VARIABLES

General Instructions

- A. For purposes of scoring, prior convictions refer only to convictions which occur prior to commission of the instant offense. In those instances in which an offender is convicted in two jurisdictions for crimes arising out of the same set of activities, do not count any convictions in one jurisdiction related to those activities as prior convictions when sentencing for the same crimes in the other jurisdiction.
- B. Probation violations do not count as prior convictions.
- C. A felony refers to any offense punishable by more than one year of incarceration.
- D. A misdemeanor refers to any offense punishable by one year or less of incarceration and directly related to one of the following crime groups: robbery, assault, CSC, drug, burglary, larceny, fraud, weapons possession or property destruction.
- E. A conviction refers to criminal charges to which the defendant pleads guilty or is found guilty in a court of law.
- F. Prior convictions from states other than Michigan or the federal government are to be considered felony convictions if the offense was punishable by more than one year of incarceration or, when the statutory penalty is not available, if the crime was described as a felony in the convicting jurisdiction at the time of the prior conviction.
- G. If a prior felony conviction falls outside the purview of the eleven crime groups (e.g., escape), it is to be considered low severity in scoring PRV 1 and PRV 2 and it is not to be used in scoring PRV 3 and PRV 4.
- H. Do not score any prior felony convictions, misdemeanor convictions or juvenile delinquency adjudications which precede conviction-free periods of 10 years or more. A conviction-free period exists if more than 10 years have elapsed between the discharge date from any conviction or adjudication and the commission of the next offense which results in conviction. When discharge date is not available, add (a) the amount of time the offender is sentenced to probation, or (b) the amount of time of the minimum incarceration term, to the conviction date to determine an approximate discharge date. To determine whether the decay factor is applicable:
 - 1. Start from the date of the instant offense and go back in time to the most recent prior conviction and determine the discharge date. If there is less than 10 years between the two dates, the most recent prior conviction is to be scored. If the gap is more than 10 years, that prior conviction and any previous convictions are not to be scored.
 - 2. If there is a prior conviction within the most recent 10 year period, start from the offense date of the most recent prior conviction and go back in time to the discharge date of the next prior conviction. If there is less than 10 years between the two dates, the next prior conviction is to be scored. If there is more than a 10 year gap, that prior conviction and all previous convictions are not to be scored.
 - 3. Continue in like fashion until there is a 10 year gap or until there are no further prior convictions.

ASSAULT OFFENSE VARIABLES

O.V. 1 WEAPON: PRESENCE, TYPE AND USE

4 = use of any weapon in a manner capable of producing physical injury

3 = a firearm displayed

2 = any weapon, other than a firearm, displayed in a threatening manner

1 = any weapon, other than a firearm, displayed; a firearm implied or possessed, but not displayed

0 = no weapon displayed, implied or possessed

Instructions:

- A. In multiple offender cases, when one offender is assessed points for the presence, type and/or use of a weapon, all offenders shall be assessed the same number of points.
- B. A firearm refers to an operational or non-operational firearm, or any instrument fashioned to reasonably appear to be a firearm.
- C. Score "1" if an offender uses an object in his or her pocket to suggest the presence of a firearm.

Notes:

ASSAULT

O.V.2 PHYSICAL ATTACK AND/OR INJURY

6 = victim killed

5 = serious impairment of body function or permanent serious disfigurement

3 = bodily injury

1 = touching beyond that needed to commit the instant offense

0 = no touching or assault

Instructions:

- A. In multiple offender cases, when one offender is assessed points for physical attack and/or injury, all offenders shall be assessed the same number of points.**
- B. Score "0" if a victim is struck in an assaultive crime and there is no bodily injury.**
- C. Score "0" in a CSC crime which does not cause bodily injury in addition to acts of sexual contact and/or penetration.**
- D. Score "6" if death results during the commission of a crime and a homicide is not charged.**

Notes:

ASSAULT

O.V. 5 VICTIM WAS CARRIED AWAY OR HELD CAPTIVE

3 = victim was either carried away to another place or held captive beyond that which was necessary to commit the offense

0 = victim was not carried away or held captive

Instructions:

A. Score "0" if the conviction offense is kidnapping or if a related conviction offense is kidnapping.

B. Score "0" where the "carrying away" of a victim would not amount to asportation under Michigan kidnapping law (MCLA 750.349).

Notes:

O.V. 6 MULTIPLE VICTIMS

6 = multiple deaths

2 = three or more victims

1 = two victims

0 = not a multiple victim situation

Instructions:

Count each person who was placed in danger of injury or loss of life as a victim.

Notes:

ASSAULT

O.V. 7 OFFENDER EXPLOITATION OF VICTIM'S VULNERABILITY

3 = offender did exploit victim vulnerability

0 = no exploitation

Instructions:

- A. Score "3" where the victim lacks substantial capacity to defend against the offense and the victim's vulnerability is apparent at the time of the offense. Examples which indicate a victim's vulnerability may include but are not limited to:

- (1) Physical disability
- (2) Mental disability
- (3) Youth
- (4) Agedness
- (5) Disparity in size
- (6) Disparity in strength

O.V. 8 PROFESSIONAL/ORGANIZED CRIME OR RING

4 = offender is a member of professional/organized crime or ring

0 = no membership by offender

Instructions:

- A. Score "4" if the offense is part of a pattern of criminal activities over a period of time from which the offender has derived a substantial portion of his or her income and/or if the instant offense is directly related to membership in an organized criminal group.**
- B. The degree of sophistication of the group is not so important as is the fact of existence, which can in part be inferred from the length of time the organization has been in operation.**
- C. This may include a juvenile gang.**
- D. Presence of multiple offenders should not automatically be defined as constituting an organized criminal group.**

Notes:

O.V. 9 OFFENDER'S ROLE

3 = leader in multiple offender situation

2 = active participant in multiple offender situation

1 = alone

0 = minor or peripheral role

Instructions:

The entire criminal episode or situation should be taken into account in determining whether an offender is a leader.

Notes:

ASSAULT

O.V. 25 CONTEMPORANEOUS CRIMINAL ACTS

2 = three or more contemporaneous criminal acts

1 = two contemporaneous criminal acts

0 = none or one contemporaneous criminal act

Instructions:

- A. Criminal acts mean other offenses, excluding cognate and lesser included offenses, not denied by the defendant, and which have not and will not result in separate convictions.**
- B. Contemporaneous criminal acts mean: (1) any criminal acts, as defined above, occurring within 24 hours of the offense upon which the defendant is being sentenced, or (2) criminal acts, as defined above, which are identical to or similar in nature to the offense upon which the offender is being sentenced, and which occur within six months of the instant offense.**
- C. Score only the contemporaneous acts that are stated on the record.**

HOMICIDE

O.V. 4 AGGRAVATED PHYSICAL ABUSE

5 = torture or sadism involved

3 = aggravated physical injury or criminal sexual penetration

0 = none

Instructions:

- A. Torture or sadism occurs whenever the offender subjected the victim to extreme or prolonged pain or humiliation, apparently inflicted to produce suffering or for gratification of the offender.**
- B. Criminal sexual penetration includes vaginal or non-vaginal sexual penetration of any kind, with sexual organ, with other parts of the body or with any other objects.**

Notes:

O.V. 6 MULTIPLE VICTIMS

6 = multiple deaths

2 = three or more victims

1 = two victims

0 = not a multiple victim situation

Instructions:

Count each person who was placed in danger of injury or loss of life as a victim.

Notes:

HOMICIDE

O.V. 7 OFFENDER EXPLOITATION OF VICTIM'S VULNERABILITY

3 = offender did exploit victim vulnerability

0 = no exploitation

Instructions:

A. Score "3" where the victim lacks substantial capacity to defend against the offense and the victim's vulnerability is apparent at the time of the offense. Examples which indicate a victim's vulnerability may include but are not limited to:

- (1) Physical disability
 - (2) Mental disability
 - (3) Youth
 - (4) Agedness
 - (5) Disparity in size
 - (6) Disparity in strength
 - (7) Abuse of authority status
 - (8) Intoxication
 - (9) Under influence of drugs
 - (10) Asleep
 - (11) Unconscious
 - (12) Physical restraint (e.g., binding with rope, handcuffs, etc.)
- DO NOT USE EXAMPLES 5 AND/OR 6
IN SCORING CSC OFFENSES

The mere existence of one or more of these factors should not automatically be equated with victim vulnerability.

B. Exploitation refers to the manipulation of the victim for selfish or unethical purposes.

C. Vulnerability refers to the readily apparent susceptibility of the victim to injury, physical attack, persuasion or temptation.

D. Abuse of authority status refers to situations where a victim is exploited out of fear or deference to an authority figure. Examples of this relationship include: parent-child, teacher-student, doctor-patient.

O.V. 8 PROFESSIONAL/ORGANIZED CRIME OR RING

4 = offender is a member of professional/organized crime or ring

0 = no membership by offender

Instructions:

- A. Score "4" if the offense is part of a pattern of criminal activities over a period of time from which the offender has derived a substantial portion of his or her income and/or if the instant offense is directly related to membership in an organized criminal group.**
- B. The degree of sophistication of the group is not so important as is the fact of existence, which can in part be inferred from the length of time the organization has been in operation.**
- C. This may include a juvenile gang.**
- D. Presence of multiple offenders should not automatically be defined as constituting an organized criminal group.**

Notes:

O.V. 9 OFFENDER'S ROLE

3 = leader in multiple offender situation

C. Score only the contemporaneous acts that are stated on the record.

Notes:

MITIGATING VARIABLE

The offense is mitigated if one or more of the following circumstances existed at the time of the offense.

- i. Avoiding Harm – While apprehensive of harm to person or property, the offender used reasonable force to avoid the harm.
- ii. Provocation/Passion – Circumstances which are not the fault of the offender, and which would similarly provoke a reasonable person, caused the offender emotional disturbance and temporary loss of self-control; while so disturbed, the offender used force against the reasonably perceived source of the disturbance.
- iii. Mistake/Inadvertance – The Offender's criminal activity was due in significant part to a misunderstanding, or ignorance, of a significant fact.

Scoring:

If there are mitigating circumstances, the following scoring procedure is used:

- a. Determine the previously calculated Prior Record Level and Offense Severity Level.
- b. If the offender is in Offense Severity Level II or III, raise the offender one Offense Severity Level in the same Prior Record Level.
- c. If the offender is in Offense Severity Level I, move the offender one Prior Record Level to the left.
- d. If the offender is in Offense Severity Level I and Prior Record Level A, mitigation will not change the guideline sentence range.

	Prior Record Level					
Offense Severity Level	A	B	C	D	E	F
I	● ← ○			● ← ○		
II				○ → ●		○ → ●
III						○ → ●

MITIGATING VARIABLE (con't)

Instructions:

- A. The three types of mitigating circumstances described above are closely related to a number of complete defenses. The difference is that, unlike the complete defenses, the mitigating circumstances typically lack one or more of the elements required to constitute a complete defense. An offense can therefore be mitigated even though the offender's conduct reveals the offender to be guilty beyond a reasonable doubt.
- B. Economic necessity that is not life-threatening is not within the mitigating circumstance described in paragraph (i).
- C. A loss of self-control caused by abuse of alcohol or drugs is not within the mitigating circumstance described in paragraph (ii).

DEPARTURE POLICY

- 1. A departure occurs whenever a judge sentences an offender to a minimum sentence that is not within the guideline sentence range, as determined by the intersection of the Offense Severity Level and Prior Record Level).**
- 2. The Sentencing Guidelines Advisory Committee has attempted to draft the guideline sentence ranges to reflect past sentencing practices of the state's trial judges. Disagreements with the conclusions of the Advisory Committee are invited and encouraged. To improve the sentencing guidelines, it is necessary that any departure be accompanied by a specific explanation of why, in the case at bar, justice requires a sentence outside the guideline sentence range. In some instances the trial judge may believe that the sentencing guidelines range is inappropriate even though there are no special characteristics of the case at bar which necessitate a departure. In such instances it is necessary to provide a specific explanation of why the trial judge believes the guideline sentence range does not reflect the sentencing practices of the state's trial judges. In the latter case, the trial judge is strongly encouraged to provide an appropriate guideline sentence range. These explanations must be specific; for example, a simple citation to "the ends of justice" would be insufficient.**
- 3. Departure reasons must be placed on the record and on the Sentencing Information Report (SIR). Additional comments and suggestions are solicited and may be placed on the back of the SIR or sent separately to the Advisory Committee in Lansing.**
- 4. In the event that written departure reasons are omitted the Sentencing Information Report will be returned to the sentencing judge for completion.**
- 5. Although the guideline sentence ranges are not binding on the sentencing judge, the purpose of guidelines cannot be achieved unless the guideline sentences are usually followed or, where departures occur, adequate explanations are given.**

DEMONSTRATION CASE #1

Criminal Sexual Conduct - 1st Degree

MCLA 750.520b
MSA 28.788(2)

NAME: DOMINIC
DOB: 10-24-34
SEX: MALE

OFFENSE SUMMARY

At approximately 9:50 p.m. on June 10, 1977, Dominic stopped at the XXX Gas Station. He began talking to the gas station attendant, Margaret, whom he had known for a number of years. While they were talking Margaret received a phone call from her husband informing her that he could not come to pick her up at work. She then asked Dominic if he would drive her home and he agreed. At approximately 10:10 p.m., after closing up the station, Margaret got into Dominic's car and asked him to drive her home. On the way home, Dominic took the wrong turn and proceeded out to Lake YYY. Upon arriving at the lake, he drove off onto the shoulder of the road. He pulled Margaret out of the car, wrestled her to the ground, choked her, and raped her. Dominic then got up and returned to his car and drove off. Margaret flagged down a passing motorist who took her to the hospital where it was reported that she had a small abrasion on her lower lip and that she had been raped.

CONVICTION/PLEA

Dominic was charged with Criminal Sexual Conduct-1st Degree. He was found guilty by a jury trial.

NOTES

- a. Sentence guideline grids have been developed for 49 statutory maxima in 11 crime groups. Refer to the Crime List Tab if there is any question as to whether there is a grid applicable to the instant offense.
- b. PRV 1 — 4 felony convictions are listed. The 1950 Felonious Assault is not scored due to the 10 year crime free period following discharge (see PRV general instructions - G). Of the 3 remaining convictions, the 1962 Statutory Rape is scored "2" points as a "high severity" felony conviction; the 1965 Negligent Homicide is not scored in this category since it is not listed as "high severity" under PRV 1 instruction - C; and, the 1977 CSC 1st is the instant offense. The final score for PRV 1 is "2" points.
- c. PRV 2 — The 1965 Negligent Homicide is included in the PRV 2 instruction - C as a low severity conviction, consequently the correct score is "1" point.
- d. PRV 3 — "2" points is the proper score for this variable because the 1962 Statutory Rape is the only conviction which is classified as high severity and similar to the instant offense of CSC 1st.
- e. PRV 4 — No other felony convictions fall into the "similarity groups" list under PRV 4 instruction - D, so the score is "0".
- f. PRV 5 — As noted above in PRV 1, the first three convictions on Dominic's record are disregarded due to the subsequent crime free period of 10 years. Consequently, the score is "0" as there are no juvenile offenses.
- g. PRV 6 — Dominic's prior record indicates 8 misdemeanor convictions. The 1950 Disorderly Conduct is not scored due to the subsequent 10 year crime free period. Of the 7 remaining convictions, the 3 "disorderly" convictions are not related to the crime groups specified under PRV general instruction - D so they are not scored and consequently the 4 remaining assaultive convictions are scored for a total of "2" points.
- h. PRV 7 — The most recent prior offense on Dominic's record is the 1973 Assault and Battery for which he served 90 days in jail. Since that time there is no evidence of any relationship with the criminal justice system, consequently the proper score is "0".
- i. OV 1 — The Offense Summary makes no mention of a weapon present or used, so the appropriate score is "0".
- j. OV 2 — The combination of Dominic wrestling the victim to the ground, choking her and the facial abrasions reported to the hospital indicate a score of "3" for bodily injury. This variable exemplifies ways in which judicial discretion continues to impact the offender's sentence.
- k. OV 5 — Although the victim voluntarily entered the car, she became a captive at the time Dominic departed from the route that would have dropped her at her house.

- i. OV 6 — There is only one victim and therefore the appropriate score is "0".
- m. OV 7 — There is no evidence that the victim lacked substantial capacity to defend herself. Note that disparity in size or strength does not constitute exploitation of vulnerability for CSC convictions. The appropriate score is "0".
- n. OV 8 — Since there is no evidence that Dominic is a professional criminal the appropriate score is "0".
- o. OV 9 — Since Dominic acted alone the appropriate score is "1".
- p. OV 12 — There is evidence of vaginal criminal sexual penetration, hence the appropriate score is "3".
- q. OV 13 — There is no evidence of nonvaginal criminal sexual penetration, hence the appropriate score is "0".
- r. OV 25 — Score "0" since there is no evidence of contemporaneous acts.
- s. Mitigation Type — Check "none" since there is no evidence to suggest that one or more of the mitigating circumstances were present at the time of the offense.
- t. Guideline Sentence Range — The conviction offense is CSC-1st and hence the appropriate crime group is CSC and the statutory maximum is Life. The final PRV level is "E" and the Offense Severity Level is "III". The guideline sentence range is found in the cell which lies at the intersection of column E and row III. As can be seen, the guideline sentence range for Dominic is "180-300 months or Life".
- u. Departure — There is no departure and hence there is no reason to specify any departure reasons.

DEMONSTRATION CASE #2

Breaking and Entering - Unoccupied Dwelling

MCLA 750.110

MSA 28.305

**NAME: PHIL
DOB: 8-13-50
SEX: MALE**

OFFENSE SUMMARY

Phil was charged with breaking and entering an occupied dwelling. On July 29, 1980, Phil, wearing a ski mask and carrying an open pocketknife, kicked in the door of the residence of Mr. and Mrs. XXX. He took silver worth \$4500.00 and jewelry worth \$550.00. Both Mr. and Mrs. XXX were home and neither were injured. They called the police immediately upon the suspect's leaving their dwelling and he was apprehended an hour later.

During questioning, Phil revealed that the house he broke into was that of his ex-fiancee. He reports that just prior to the offense he had broken his engagement with their daughter. Phil asked that she return the engagement ring. She refused and said that she had put it in her parent's house to prevent him from getting it. He said he became enraged and decided to get it back.

CONVICTION/PLEA

Phil plead guilty to a reduced charge of breaking and entering an unoccupied dwelling.

NOTES

- a. By referring to the Crime List Tab it is possible to locate B&E unoccupied (MCLA 750.110).
- b. PRV 1 — Prior Criminal Record indicates only one crime of a non-assaultive nature and therefore this is scored "0".
- c. PRV 2 — The prior drug conviction results in a score of "1".
- d. PRV 3 — Scored "0" since there are no prior offenses similar to the instant offense.
- e. PRV 4 — Also scored "0" since the prior drug conviction is not considered similar to the B&E.
- f. PRV 5 — The offender has no juvenile record so this is scored "0".
- g. PVR 6 — Score "0" since there are no misdemeanors on Phil's record.
- h. PRV 7 — Since the offender is presently on probation for the drug conviction, this variable is scored "1".
- i. OV 1 — Is scored "1" since a pocket knife was displayed.
- j. OV 2 — Since there was no touching, this variable is scored "0".
- k. OV 5 — Score "0" since there was no carrying away.
- l. OV 8 — Offender was not a professional; score "0".
- m. OV 9 — Scored "1" since the offender was alone.
- n. OV 10 — Offender had no burglar tools and consequently gets a score of "0".
- o. OV 11 — The occupants of the house were present during the commission of the offense so this is scored "3".
- p. OV 17 — More than \$5,000 in property was taken thus resulting in a score of "2" for this variable.
- q. OV 24 — There was no wanton or malicious damage; score "0".
- r. OV 25 — There were no contemporaneous acts; score "0".
- s. Mitigation Type — The "ii" circumstance of mitigation has been scored since the offender appears to have been emotionally unstable as a result of his broken engagement with the victims daughter. This results in a reduction of the offense level from III to II.
- t. Guideline Sentence Range — Referring to the 120 month Burglary grid, the cell located at the intersection of B-II contains a recommended sentence of 0-18.
- u. Departure — In this case the judge chose to impose a sentence of 2-10 years which is a departure from the recommendation. The reason stated gives a substantive interpretation of the severity of this offense and thereby provides reasonable justification for the departure.

THE EFFECT OF "PROPOSAL B"

The effect of this law is to create a class of felony sentences to which no "good time" reduction applies and to which no "special parole" releases are possible. All other felony sentences which are not mandatory by law are subject to "good time" and "special parole."

Because of the importance of this law, those offenders which are subject to Proposal B are so designated in the Crime Lists.

Regarding MCL 750.92, the Attorney General's Opinion No. 5583 of October 16, 1979 states that Proposal B applies only to attempts to crimes in the enumerated list.

Regarding sentences for crimes which carry a possible sentence of "life or term of years," Attorney General Opinion No. 5583 of October 16, 1979 states that the "lifer law" which vests jurisdiction in the parole board after 10 calendar years of such a life term is no longer applicable. "In such cases, the minimum term imposed by the court is, in effect, life imprisonment. Thus, 1978 Initiated Law precludes parole consideration for a prisoner with a life sentence." (Id., p. 8).

Where a court fixes the maximum prison sentence under a "life or term of years" statutory rule, Attorney General's Opinion No. 5583 states that good time reductions apply to the maximum sentence fixed by the court.

Note: With the passage of the disciplinary credits bill two criminal offenses were added to the list of Proposal B crimes.

They are: 333.7401 (2) (a) and (b) Violation of Controlled Substance Act
333.7402 (2) (a) and (b) Violation of Controlled Substance Act

GOOD TIME CHART

In addition to "regular good time," the Wardens of the various institutions, with the consent and approval of the Director of Corrections, may grant residents "special good time" in amounts not to exceed one-half of the amount of "regular good time" allowed under the foregoing schedule. Sentence reductions through "regular" and "special good time" allowances as applied to most of the sentences frequently imposed by the courts are as follows:
