## See Something? Say Something!

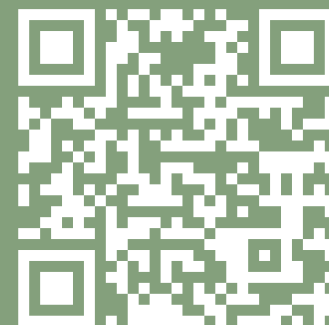

**Matt Monahan | Kathy Swedlow**  
**State Appellate Defender Office**

Making and correctly preserving the record for appeal is critical for state court direct appeals, but also for federal habeas corpus review. Attendees will learn the basics of habeas procedure, how habeas corpus can create barriers to full review, and how to best protect the state court record to avoid those barriers.

**Matt Monahan** is an Assistant Defender at SADO, and **Kathy Swedlow** is the Manager of SADO's Criminal Defense Resource Center.

Both have significant experience with state appeals, federal habeas corpus cases, and federal court practice.
